Course Assessment for Semester System (100%)	Theoretical Content Exam	Clinical evaluation	Quizzes	Final Clinical Exam	Final Theory Exam
	15%	20%	5%	20%	40%
				Total point	100%

Course Description: This course is designed to arm you with the basic knowledge & expertise, which are required to be able to provide a competent care in the specialty of an adult nursing. Including however not limited to describing the basic concepts of the nursing process in adult nursing, levels of prevention, the most common medical-surgical cases along with their management.

Prerequisite courses: Fundamentals of Nursing I &II

Teaching Methods: Lecture, discussion/seminar, audiovisuals, handouts, assignments, group work, projects, student presentations, and more.

Evaluation Methods: Active participation, presentations, written assignments, exams, designing nursing care plans and more.

Required Textbooks:

- 1- Smeltzer, S., Bare, B., Hinkle, J., & Cheever, K. (2018). *Textbook of medical surgical nursing Brunner and Suddarth*. China.: Lippincott Williams and Wilkins.14th ed
- 2- Williams, L. S., & Hopper, P. D. (2015). *Understanding medical surgical nursing*. California: FA Davis.

Course Learning Objectives (theory and clinical)

By the completion of this course the student will be able to:

1. Describe normal structures & functions of the covered human body systems.
2. Analyze the pathophysiology and clinical signs and symptoms of patients with the covered medical-surgical cases
3. Distinguish the role of the nurse in prevention, detection, and treatment of the covered medical-surgical cases
4. Distinguish the multiple therapies used in the management of the covered medical-surgical cases
5. Design a holistic care plan for patients with the covered medical-surgical cases

Academic Rules: Please see the updated Student Affairs Controls Guide on the college's official website.

Course Contents:

Date of Class & Faculty member name	Unit to be Covered and/or Activity	Assigned Readings to be Completed Before Class
W1	<ul style="list-style-type: none"> ▶ An introduction to adult nursing. ▶ Nursing process 	Chapters from textbook 1&2
W2	▶ Nursing Care of patients with cancer	Chapters from textbook 1&2
W3	▶ Nursing Care for patient with breast cancer	Chapters from textbook 1&2
W4	Nursing care for patients with endocrine system disorders	Chapters from textbook 1&2
W5	<ul style="list-style-type: none"> ▶ Nursing care for patients with cardiovascular disorders ▶ Nursing care for patient with Hypertension & Ischemic heart disease 	Chapters from textbook 1&2
W6	▶ Nursing care for patient with Myocardial infarction, Congestive heart failure, & Endocarditic.	Chapters from textbook 1&2
W7	▶ Nursing care for patients with Peripheral disorders including: Aneurysm, Arterial embolism, Arterial thrombosis, Chronic venous insufficiency, Leg ulcer, Varicose vein	Chapters from textbook 1&2
W8	▶ Nursing care for patient with digestive system disorders: Hernia., Ulcerative Colitis, Peptic Ulcer, Irritable Bowel Syndrome, Appendicitis, Intestinal Obstruction	Chapters from textbook 1&2
W9	▶ Nursing care for with hepatobiliary pancreatic disorders including: Pancreatitis, Cancer of the pancreas, Hepatitis, Liver cirrhosis, Cholelithiasis, & cholecystitis.	Chapters from textbook 1&2

W10-	▶ Nursing care for patient with Hyper-Hypothyroidism & Hyper-hypo parathyroidism	Chapters from textbook 1&2
W11	Nursing care for patients with blood disorders: Anemia & Leukemia	Chapters from textbook 1&2
W12	▶ Nursing care for patients Hodgkin's disease & Hemorrhagic disorder.	Chapters from textbook 1&2
W13	▶ Nursing care for patient with Bronchitis, Pneumonia, COPD, & Asthma	Chapters from textbook 1&2
W14	▶ The final practicum exam	
W15	▶ Final didactic exam	

Grading Rubric for Clinical Evaluation

	2.5	2	1.5	0.5	zero
Assessment (write the problems' list here)	Includes all data that related to nursing diagnosis and does not include data that is not related to nursing diagnosis.	Includes all data that related to nursing diagnosis, but also includes data not related to nursing diagnosis.	Does not include all data that related to nursing diagnosis. May also include data that does not relate to nursing diagnosis.	Assessment portion is incomplete.	No assessment is written
Assignment	Presentation and the written with creativity	Without reference	Good presentation but Without reference and creativity	Presenting written only without any creativity and presentation	No presentation assignment and written with or without any creativity
Report	Write the report full correctly	Student does not present relevant data regarding pathophysiology tree.	Student does not present relevant data regarding pathophysiology tree. and not write full medication	Write definition of the disease with sign and symptoms only	Not writing any thing
Nursing diagnosis Includes the most appropriate diagnosis for patient and ordinal number that includes all	Diagnosis is appropriate for patient and ordinal level, and diagnosis is NANDA	Diagnosis is appropriate for patient and ordinal level, and diagnosis is NANDA Approved, but	Diagnosis is not appropriate for patient and ordinal level (first diagnosis, second diagnosis, etc).	Diagnosis portion is incomplete.	No nursing diagnosis was written

<p>appropriate parts (stem, related to or R/T, and as evidenced by AEB for actual diagnosis) and is NANDA approved.</p> <p>Interventions and rational</p>	<p>Approved. Diagnosis also includes all parts and information is listed in Correct part of diagnosis. Interventions portion contains adequate number of interventions to help patient/family meet goal, and interventions are specific in action and frequency, and are listed with referenced rationales.</p>	<p>does not include all parts or information is listed in wrong part of diagnosis.</p> <p>Interventions portion contains adequate number of interventions to help patient/family meet goal, but interventions may not be specific or listed with rationales.</p>	<p>May also not be NANDA and May not include all parts.</p> <p>Interventions portion does not include adequate number of interventions to help patient/family meet goal. Interventions may also not be specific, listed with rationales.</p>	<p>Interventions portion is incomplete</p>	<p>No intervention n was written</p>
Attendance	<p>On time Present = 8:30 AM</p>	<p>Late = 8:30 – 8.45 AM</p>	<p>Absent = After 9:00 AM</p>	<p>One Absent = Minus 5 points</p>	<p>Two Late = Minus 5 points</p>
Grooming and equipment	<p>Full grooming and equipment</p>	<p>Students Without tag name</p>	<p>Students Without tag name and not full equipment</p>	<p>Grooming only</p>	<p>No grooming and equipment</p>
Discussion	<p>Interactive practical discussion throughout the clinical period, in addition to the questions it raises</p>	<p>Interactive practical discussion throughout the clinical period, but don't questions it raises</p>	<p>They discuss, but they discussion are ineffective throughout the clinical period</p>	<p>Ask some questions and try to answer some of them</p>	<p>Not interactive and not discussed</p>
